

The School of the White Crane teaches:

1. God is the Parent of all mankind.
2. What is the nature and origin of evil.
3. What is the realistic human condition and how we can find lasting happiness.
4. What is the nature of the Spirit World.

5. What is the heart of Jesus and the original purpose of His Messianic mission.
6. Understanding of the Bible and other religious scriptures from God's Parental point of view.
7. What is the goal of human history.
8. True Family Values and the meaning of the Marriage Blessing.

My wife and I, together with some friends, were concerned about the values being taught to our children in school, on television, and in the movies. Some years ago we decided to teach on the weekends. Recently, we created a website with a portion of that curricula. We named our virtual school **School of the White Crane**.

Heaven inspired us to share this with our friends and neighbors as well as through social media. Please check it out: schoolofthewhitecrane.com

May God bless you and your family

School of the White Crane

The School of the White Crane was established to introduce the revolutionary insights of Reverend Sun Myung Moon and his wife Hak Ja Han. They are revered worldwide as the True Parents who reveal the heart of heaven and of our Heavenly Parent.

The white crane symbolizes blessing, especially in the Orient because they are able to surmount even the Himalayan Mountains in their journey home. Likewise, God as our Heavenly Father and Mother has sent enlightened prophets and saints to His suffering children in order to guide them home.

This school is dedicated to those children who long to return home to the heart of our Heavenly Parent.

School of the White Crane

2015 events and activities
